PROFESSIONAL EXPERIENCE

Digital Project Manager

Jan 2025 – Present

AFM Holding · Dubai, UAE

- Manage digital delivery across corporate websites, SaaS, real estate, e-commerce and holding-level digital initiatives across several business units.
- Coordinate website delivery from UX and content requirements through development, website testing and launch readiness.
- Translate management and business requirements into structured briefs, project documentation and delivery plans for development, design, SEO, content and external vendors.
- Support development of SaaS and digital product concepts, including Broker Promote and internal digital platform initiatives.
- Built project tracking and reporting workflows in ClickUp across approximately 350 tasks, improving visibility, ownership and identification of blocked work.
- Established structured task ownership, status reporting and follow-up processes across multiple digital initiatives.
- Act as a bridge between management, marketing, design, content, SEO and development teams to maintain alignment and execution.
- Improve briefing, workflow and internal communication processes across multiple projects.

Digital Coordinator

Jun 2024 – Jan 2025

Kristina Fidelskaya · Dubai, UAE

- Led renewal and optimization of the luxury fashion brand's Shopify website, improving UX, backend workflows and operational reliability.
- Coordinated CRM implementation and data migration across departments using automated scripts and structured spreadsheet workflows.
- Consolidated and migrated data from legacy systems and developed import/export automation processes supporting warehouse and e-commerce operations.
- Built customer communication and lifecycle workflows supporting engagement and retention.
- Coordinated website-related content production, photoshoots and ongoing technical support.
- Managed Shopify customer-journey and checkout-related improvements, testing and release validation across customer-facing functionality.Coordinated Stripe setup and payment configuration within Shopify, including testing and launch validation.
- Provided operational support across digital systems, hardware and software.

Digital E-Commerce / Operations Manager

Nov 2021 – Oct 2023

Bullz Media · Tirana, Albania

- Launched a US duty-free e-commerce store and reached USD 25,000 monthly turnover within three months.
- Managed digital acquisition across CPC and CPA campaigns, monitoring budgets, ROAS and performance.
- Supported paid media execution through asset trafficking, tracking URL creation and pixel implementation.
- Produced weekly performance reports and recommendations for stakeholders.
- Integrated Keap CRM to automate order processing, payment control and delivery tracking.
- Developed email and lifecycle campaigns supporting sales and repeat purchase activity.
- Coordinated e-commerce operations across acquisition, CRM, order workflows and customer journeys.
